

Sethapong Lertsakulbunlue, MD

ส.น.เวชจุฬาลงกรณ์ เลิศสกุลบญลื้อ

Lecturer in Pharmacology · Resident in Preventive Medicine
(Epidemiology)

Curriculum vitae · v1.0 · 2 October 2026

Sethapong.ler@pcm.ac.th · Earthyboy12@gmail.com

POSITIONS

2024 – present	Resident, Preventive Medicine (Epidemiology) Thai board residency training with the Field Epidemiology Training Program (FETP) Thailand
2022 – present	Lecturer, Department of Pharmacology Phramongkutklao College of Medicine, Bangkok
2021	Medical intern Fort Wachirawut Hospital, Nakhon Si Thammarat

EDUCATION

2015 – 2020	Doctor of Medicine (MD), first-class honours with gold medal Phramongkutklao College of Medicine, Bangkok
2008 – 2014	Secondary education Samsenwittayalai School, Bangkok

RESEARCH INTERESTS

Medical education and assessment. Generalizability theory, peer-assessment rubrics, very short answer questions, student co-designed curricula.

Toxinology and pharmacology. Russell's viper and cobra envenoming, venom pharmacokinetics, snakebite care in community hospitals.

Field epidemiology. Outbreak and death investigations, vaccine-related clusters, road traffic injury, digital surveillance.

Cardiometabolic epidemiology. Triglyceride-glucose index, HDL and cardiovascular risk in diabetes and military personnel.

HONOURS AND AWARDS

2023	Young Investigator Award Japan Society for Medical Education
2020	Gold medal and first-class honours, Doctor of Medicine Phramongkutklao College of Medicine

CONFERENCE PRESENTATIONS

2025 · Oral	China Field Epidemiology Training Program Annual Conference Pertussis amid ongoing conflict and missed maternal vaccination: lessons from an infant death investigation in Tak Province, Thailand, 2025
2025 · Oral	SAFETYNET Conference Investigation of an MMR-related mumps cluster following immunization among practical nursing students, Bangkok, Thailand, 2024

2024 · Oral	Thai Medical Education Conference (TMEC) Integrating peer assessment into EKG interpretation within simulation-based ACLS stations in pre-clinical students: an application of generalizability theory
2024 · Poster	Ottawa Conference Application of the CIPP model in evaluating an undergraduate medical research module for continuation of professional development: student perspective
2023 · Oral	Japan Society for Medical Education (JSME) Beliefs toward medical research and their impacts on medical research publication: a structural equation modeling. <i>Young Investigator Award</i> .
2023 · Poster	Association for Medical Education in Europe (AMEE) Conference

RESEARCH ETHICS TRAINING

CITI Program	Information Privacy Security (IPS) Students and Instructors, basic course
